Minutes of the Regular Meeting of the Township Committee of the Township of Commercial held on July 16, 2015 at 6:00 P.M., at the Township Hall, 1768 Main Street, Port Norris, NJ

Those present:

Judson Moore Fletcher Jamison Ronald L. Sutton Mayor Committeeman Committeeman

Thomas Seeley Hannah E. Nichols Solicitor
Township Clerk

Edward Dennis

Engineer

Clint Miller

Public Works Supervisor

Heather Sparks

Deputy Clerk

Mayor Moore called the meeting to order with the announcement that the meeting had been advertised, that it was being electronically recorded and being held in full compliance of the Open Public Meeting Act. Mayor Moore asked everyone to stand for the Flag Salute and Lord's Prayer, he asked everyone to remain standing for moment of silent prayer for four marines who lost their lives in a senseless killing in Tennessee today. He said a police officer was shot today and at this time he is still alive and will recover.

Mayor Moore said Station Commander, Horsey, was present and presented the following report.

Sgt. Horsey said for the month of June in Commercial Township, 486 for service, 259 property checks, 231 motor vehicle stops in the township, 5 motor vehicle accidents, 32 criminal investigations, out of the 32, 11 were burglary and thief, and that seems to be a common theme, pretty much scrap items. Some exterior air conditioning units were taken, Unfortunately three of the homes were open and in three more unlocked cars were involved. Our word is lock your doors, lock the vehicles.

Mayor Moore asked if the robberies were more or less drug related.

Sgt. Horsey said yes there is some of that. He said compared to previous years he feels the unit is doing a pretty good job, calls are down and I'm satisfied with what the troopers are doing.

Mayor Moore said Christine Smith, Laurel Lake Crime Watch had e-mailed him that many residents stated that they have seen more of a presence of the state police in the Laurel Lake area.

Sgt. Horsey said he likes to concentrate in that area when most people are asleep.

Mayor Moore said next item is the minutes of previous meetings:

Minutes Agenda Meeting June 15, 2015 Minutes Regular Meeting June 18, 2015

A motion was made and seconded to approve the minutes with a unanimous roll call vote.

Mayor asked Mr. Edward Dennis, Engineer, for his report.

Mr. Dennis said we currently do not have any active grant applications but we did get a grant for Doris Drive and Maurice Street, our survey is complete and we will be going out to bid and get these road done this fall.

Mayor Moore said fall, what's your time line.

Mr. Dennis said once we have the design done, we have to send it to the state before we can go out to bid, if we get it up to the state mid August and state approves, hopefully we can go out to bid in September.

Mayor Moore said I feel this should be able to be done quickly because there is no drainage involved. Did you list Maurice as an alternate.

Mr. Dennis said yes, he said Laurel Lake Drainage Phase II is substantially complete, and as far as he is concerned everything is working and Gooseberry is dry.

Mr. Clint Miller, Supervisor, confirmed.

Mr. Dennis said we are working on a lot of closeouts, we are working on the getting more money to keep this project going, it has been very positive for Laurel Lake. We are closing out the Library finally. We are doing the RFP's for the solar power agreement. This involves many steps but once complete the township would be reimbursed for our costs.

Mr. Thomas Seeley gave his report, finalized 221 Olive Road with Wells Fargo and the Township has received the money. We have finalized another In Rem and there is one more that has gone to the state, hopefully this will be completed so that it can be in the land sale as the mayor requested. We had inspections at the Johovah Witness sites for septic, electrical, Mr. Dean is having contractor to do bid specs for floor leveling, handicapped bathrooms, new handicap ramp, etc. Had several conversations with Leslie, have been informed that property on landsale list has serious problem, but will check that out and withdraw from sale if necessary. Mr. Seeley said he has been in contact with Tower Point regarding cell tower and the committee should conduct an executive session. Also people that occupy township owned houses need to be notified certified return receipt notices, also regular mail must be sent.

Mayor Moore said he hoped the In Rem will be finalized so that additional property can be put on the land sale list.

Mayor Moore said we have bill list for the month of July 2015.

A motion was made and seconded to approve the bill list and unanimous roll call vote taken.

Mayor said we have a memo from Heather that a computer and a word program can be obtained for Deedra Brewer to alphabetize the ordinances and she can be placed in conference room.

Committeeman Sutton said he is against this, he believes it should be done in house.

Mayor asked if alphabetizing would help.

Clerk said it would if it was done by word association.

Committee approved the process for Deedbra Brewer to come in and alphabetize the ordinances.

Mayor read a letter from John A. Casarow, Jr., Commercial Township Municipal Judge who will be retiring December 31, 2015.

Committee made motion and second to accept resignation as of December 31, 2015. A

Mayor introduced, Leslie Kraus, Tax Collector, to state what advantages there are by have an Electronic Tax Sale. Leslie explained that people do not have to be present, their

bidding is done electronically, that it gives a lot of people an opportunity to buy liens, not just a few like we have every year. She said people across the country can see what we have an make an offer.

Committeeman Sutton said he was not sure he would approve an electronic sale, what is the problem with the way we conduct them.

Mayor said on the electronic sale, it gives a much broader spectrum of people wanting to bid on the properties from all over the united states, they do not attend the sale, it is like GovDeal on selling properties, highest bidder gets it.

Mayor made motion and Committeeman Sutton seconded for the tax office to file an application with the Department of Community Affairs and hopefully everything will be in line for their next sale in January 2016. Mayor said Franklin Township did it and he was hoping that Commercial was the first in Cumberland County but Millville beat us to it, but he wanted to congratulate Leslie for wanting to be part of the new era.

Mayor said the committee is going to have to get inspection of Johovah Witness building on items that need to be corrected to bring building up to code. He said he was going to call on Committeeman Sutton who is in charge of buildings and grounds.

Committeeman Sutton said Clint had gotten some quotes and at this time he doesn't feel that we need to get a new heater.

Mr. Clint Miller had gotten quotes for air conditioners and heater and for an alarm system to be installed and said he was talking with the contractor and that if all the work is done with all of the Freon and that the township will have a difficult time finding a heater that will work with those units, he said it should all be done at the same time. He said he has the following quotes.

Beatty & Sons, Millville Installation of conditioners and heater \$11,450.00 Security Plus, Millville, alarm system \$1,432.00

Mayor Moore said he would like to get some additional quotes, but we could make a motion not to exceed \$12,000 for Clint to go out and get a couple more quotes so we could move on this. So I'll make that motion that we authorize Clint to purchase a heater and air conditioner units not to exceed \$12,000.

Mr. Miller said he does not believe there is natural gas running to the building and would the township have to pay for it.

Committeeman Jamison said for the township they might not charge us, he would have to contact them to see what the distance is and if there is a charge.

Mayor Moore said then I'll modify my motion and just let you buy the air conditioning units and we'll do the heater next month when we have an idea of the cost for the installation of the gas line and that we authorize you to do these minor repairs and that Clint stay in touch with Ron and Ron will keep up posted

Mr. Miller said he wanted to put an alarm line on the air conditioner units that if someone tries to cut the Freon lines the alarm will go off, police notified, alarm will sound.

Mayor Moore said that goes with the motion on little items, motion was seconded. Roll call vote: Committeeman Jamison, yes, Committeeman Sutton, yes, Mayor Moore yes.

Clerk said is the amount up to \$6,000.

Mayor Moore said up to \$6,000.

Committeeman Sutton said on the floor I think that we might be able to get away with that, I don't think it will interfere with anything, it is really up by the podium.

Committeeman Jamison said didn't Leah say that she had concrete given to her for free to do the floor.

Mayor Moore said there is a problem with the sloping floor for people in wheelchair and walkers, plus fire cabinets are going to slant backwards. I think it could cause a problem.

Committeeman Sutton said there are some minor items, backdoor, railings, but major items, handicapped bathrooms, entrance, floor, we need contractor's to do this. He said we need some bid specs, we need to get these items completed before we allow anyone to occupy this building.

Committeeman Jamison said there are few things that Clint can do but we have to sit down and decide how much time can we take him away from his regular work. I think we need to get a contractor in there.

Mr. Miller said he feels the committee and himself need to meet and decide exactly what they want to do up there, and what has to be done to bring it up to code for an occupancy permit.

Mayor asked for motion to approve recycling containers project up to \$14,000 and buy 200 and the environmental commission has offered to mark them and decide who gets them, and distribute them. He said we could borrow the money from the empovement authority and do the town at one time at \$107,000.

Committeeman Sutton said we don't do it until we have the money to do the whole township. He said what is the interest charged by the authority.

Mayor Moore said Zero.

Committeeman Jamison will there be additional cost by Earthtect.

Mayor said already contacted them, no additional cost, easier for them in fact.

Mayor said he would like to get the paperwork started on the recycling.

Committeeman Sutton said see if we can get the money from the authority and maybe we could do both trash and recycling.

Mayor told Ron that he was the man tonight and he hoped the clerk got that on tape.

Committeeman Sutton said mayor wanted to take money out of capital and he didn't want to do that.

Mayor said no that was street lights I wanted to take.

Mayor Moore said okay Ron then we'll do the entire township, he said on item three he just wanted to continue with the street lights because he feels it is a very worthy cause. He said if we can take an electric bill of \$63,000 down to \$17,000 a year and take lights from 50 to 100 to 150 watts is great. My idea was to take it out of Capital Surplus and over years pay it back but and then go for rebate down the road. He said I just want to keep the discussion going.

Mayor said there will be an increase on your tax bill this year but not from the township, this is because the school made an error last year and did not include their deferred, it had to

be included this year with this year's deferred and made a nine cent increase, fire districts went up one cent, total ten cents.

Mayor said we have three ordinances for second reading and public hearing.

ORDINANCE 2015-567

AN ORDINANCE CLOSING CERTAIN ROADWAYS TO TRUCK TRAFFIC.

Mayor asked for motion to open meeting to public for input and being none asked for motion to close public portion and to adopt. Motion made and second with unanimous roll call vote.
